
Stability Regions
$H'(N_1^*) = -1$
$H'(N_1^*) = 0$
$H'(N_2^*) = 1$
$H'(N_2^*) = 0$
$H'(N_2^*) = -1$
N_2^* unstable
(HERE THERE BE DRAGONS)
N_2^* Oscillatory stable, population stable
N_2^* Monotonically stable, population stable
N_1^* monotonically stable, population collapse
N_1^* oscillatory stable, population collapse
N_1^* oscillatory unstable, population collapse
